BESPOKE

A modern interior space featuring a large glass display case on the left, a bookshelf with plants on the top left, and a glass partition with vertical bars on the right. The text "BESPOKE DESIGN" is overlaid in the center.

# BESPOKE DESIGN

## BESPOKE DESIGN

Bespoke design is something we are passionate about. With two factories, one that focusses on metalwork, the other specialising in woodwork and upholstery, we have extensive capabilities and so can work with you to provide a complete solution for your interior project.

We have some fantastic standard products but we know that sometimes a special design is all that will fit the scheme. If you need assistance our in-house design team can help and our highly skilled craftspeople make it happen.

ALPHA

# ALPHA FX

Now listed on the London Stock Exchange, Alpha FX was founded over 10 years ago in Windsor and moved to the Brunel Building, Paddington via Reading and Wycombe21 have supported them all the way.

Alpha are a foreign exchange specialist working internationally for businesses and institutions impacted by currency volatility. They combine leading expertise with pioneering technology to help clients achieve better outcomes when managing their currency exposures. Alpha expected the best and that's what W21 gave them. This bespoke project ran for a year once the building had been secured.

The bulk of this project was for 130 electric desks, screens and mobile pedestals.

**Height adjustable control unit**

**Boardroom TV frame and mount**

**Sculpture stand**

*Alpha FX is a professional and exacting foreign exchange specialist with an entrepreneurial culture and pioneering spirit.*

*It was these qualities we wanted to portray across our workplace. I already had a long standing relationship with Wycombe21 and knew their way of working was in keeping with ours.*

*I was also confident in the quality of design, service and final product they provide and so didn't hesitate when making my choice of bespoke partner.*
