BESPOKE DESIGN

BESPOKE DESIGN

Bespoke design is something we are passionate about. With our factory and design team specialising in woodwork, upholstery and metalwork we have extensive capabilities and so can work with you to provide a complete solution for your interior project.

We have some fantastic standard products but we know that sometimes a special design is all that will fit the scheme. If you need assistance our in-house design team can help and our highly skilled craftspeople make it happen.

NUMBER NINE AT WEMBLEY with RAINBOW

Named after iconic England #9's such as Sir Bobby Charlton, Alan Shearer & Harry Kane the new 'Number Nine' experience at Wembley provides a culinary and sensory adventure.

Rainbow were appointed by The Football Association to supply, deliver and install all the loose furniture, including bespoke furniture elements in this luxurious hospitality space. Wycombe21 were proud to work alongside Rainbow to design, manufacture and install various bespoke table options across the project.

RAINBOW'S BESPOKE PARTNER

A modern interior space featuring a dark grey textured wall with large, rectangular wooden frames containing various green plants. In the foreground, a wooden table is set with a bottle of wine, glasses, and a menu. Four high-top stools with brown leather seats and gold metal frames are arranged around the table. To the right, a white bar counter with a black top and gold handles is visible. The overall aesthetic is contemporary and sophisticated.

A flexible space, no compromises.

- Tables designed to fit a flexible space
- Luxury finishes throughout
- Special Marble finishes
- Special Laminate finishes
- Special paint finishes on bases
- Large pedestal bases
- Tables designed to fit booths
